Education

MSc (Computer Science) Currently Pursuing Savitribai Phule Pune University, Pune

BSc (Computer Science) Completed 06/2024 PVP College of Arts, Science and Commerce, Pravaranagar, Maharashtra

XII (Science) 06/2021 Jijamata College of Science & Arts, Dnyaneshwarnagar, Maharashtra

X 05/2019 P M Shri School Jawahar Navodaya Vidyalaya, Takali Dhokeshwer, Maharashtra

Experience

CodSoft Java Developer Intern (03/2024 04/2024)

- Improved Java programming skills and software efficiency.
- Developed Address Book and Student Management Systems, enhancing productivity.

CSFG Cell Member Department of Computer Science, SPPU

- Coordinated departmental activities and events to promote student engagement.
- Assisted in organizing workshops and seminars for CS students.

Projects

IoT Based Home Automation

- Developed smart home control system for lighting, temperature, and security.
- Implemented IoT protocols for real-time monitoring.
- Improved daily task efficiency by 30% through automation.

All-in-One Advanced Calculators (Website)

- Built web platform for arithmetic, finance, and fitness tracking.
- Increased user engagement through accessible design.
- Enhanced platform reliability and responsiveness using efficient coding practices.

Self-Derived Translator GitHub

- Developed a custom language translator capable of translating multiple languages.
- Implemented algorithms to translate sentences while preserving grammar and context.
- Enhanced translation accuracy through testing and iterative refinement.

Skills

Technical Skills: Java (Basic), Python, C, Basic Bash Scripting, Databases, Data Structures, Data Analysis, Finite State Machines

Tools: Linux, NEST, FRR, Git, VS Code

Soft Skills: Communication, Leadership, Multitasking, Teamwork, Problem Solving, Task Prioritization, Project Management, Decision Making

Certificates

C Language, **Java**, **Java Developer Internship**

Languages

English, Marathi, Hindi

Hobbies

Gaming, Music, Watching Anime and Movies, Exploring New Technologies
